All applicants for new housing construction projects shall adopt, by current tribal resolution, construction standards before submitting an application. All applications which include new housing construction projects must document that:

(1) No other housing is available in the immediate reservation area that is suitable for the household(s) to be assisted; and

(2) No other sources can meet the needs of the household(s) to be assisted; and

(c) *Economic development projects.* All applicants for economic development projects must provide an analysis which shows public benefit commensurate with the ICDBG assistance requested will result from the assisted project. This analysis should also establish that to the extent practicable: reasonable financial support will be committed from non-Federal sources prior to disbursement of Federal funds; any grant amount provided will not substantially reduce the amount of non-Federal financial support for the activity; not more than a reasonable rate of return on investment is provided to the owner; and, that grant funds used for the project will be disbursed on a pro rata basis with amounts from other sources. In addition, it must be established that the project is financially feasible and that it has a reasonable chance of success.
